

Impact Talent Program

A cooperation of SSU and Young FM, working together with talents and companies to accelerate the transition to sustainable business.

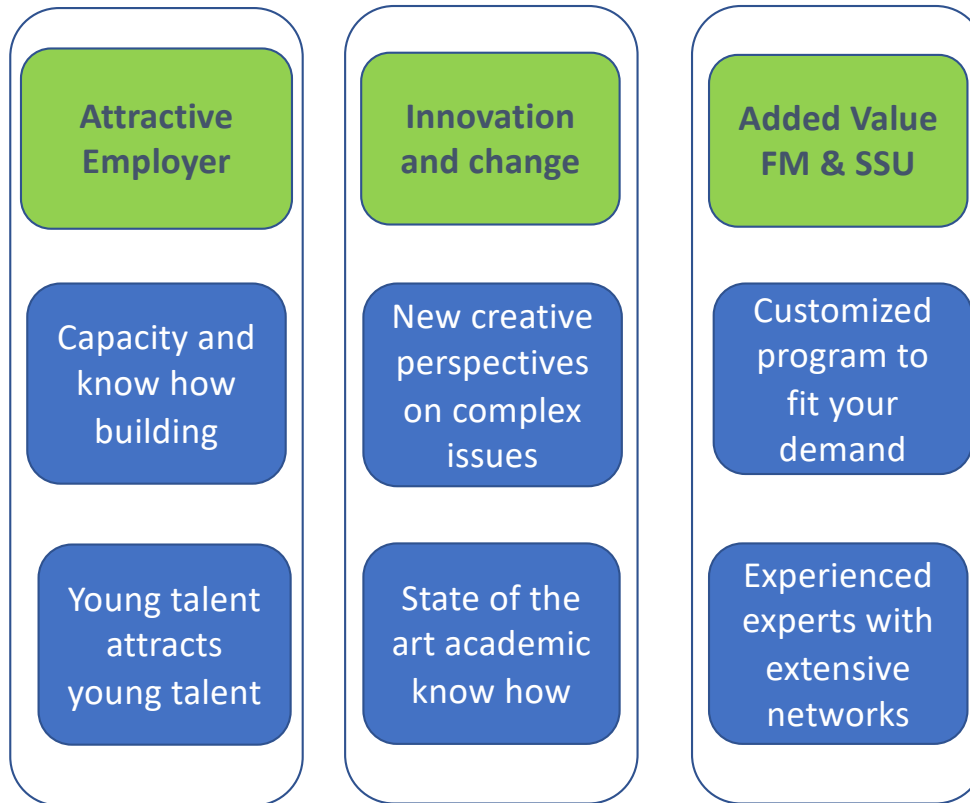

An impact talent development program (12-18 m)
in the field of Sustainable FM, Circular Economy or
Sustainable Management

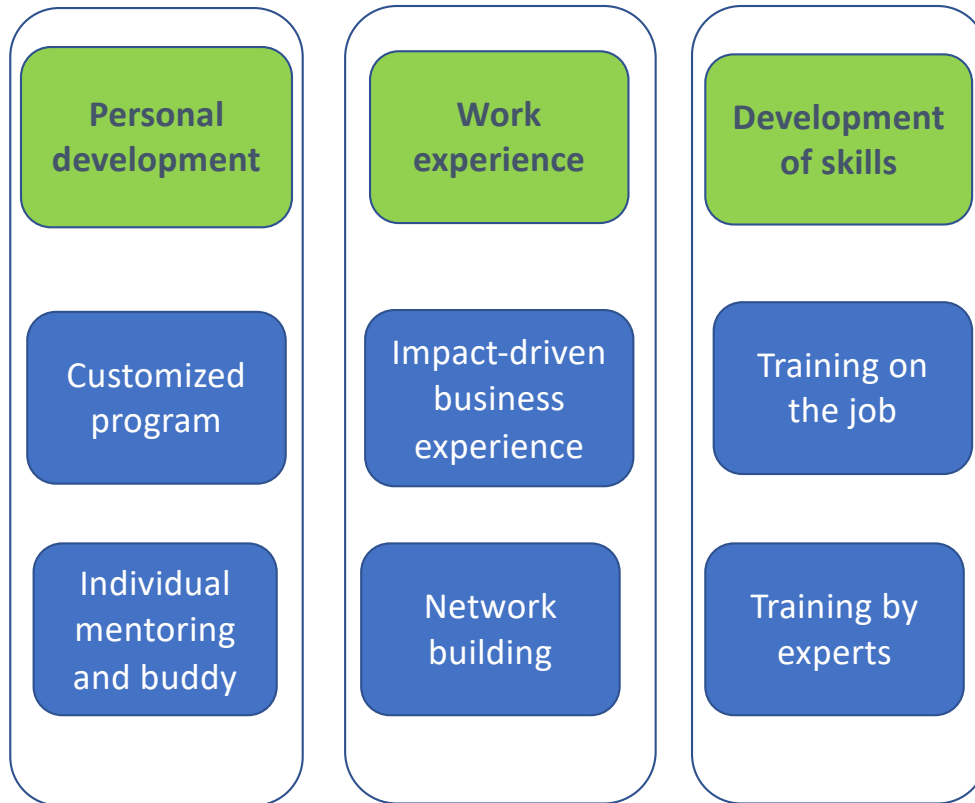

Young FM leading the sustainable FM track

SSU leading the sustainable management track and CE track

What's in it for business?

What's in it for talents?

How (in short)?

For Talents (HBO/WO):

- A 12- or 18-months talent program with personal buddy and mentor, based on a talent development track with 6 building blocks and an assignment at 1 client.
- 1 training day every 2 weeks and 4 days at the work floor
- Competitive pay and labor conditions (employed in a pool together with the other talents).
- Network and social activities

For Business:

- Internal client/sponsor with assignment or project in the field of sustainable FM, sustainable management or circular economy for 12 – 18 months.
- Attractive fixed hour fee (no risk)
- (Optional) part of selection process of the talent, based on among other things specific (science-based) competences
- (Optional) w/mutual consent recruitment of the talent at the end of the traineeship without extra costs.
